<tr>
<td>9:30am</td>
<td><strong>Welcome</strong> - Professor Bernie Tuch, Director NSW Stem Cell Network</td>
</tr>
<tr>
<td></td>
<td><strong>Opening address</strong>: Professor William Carroll, MS Research Australia &amp; Western Australian Neuroscience Research Institute</td>
</tr>
</tbody>
</table>
| 9:45am | **Professor Claude Bernard**, Monash University  
*The prospect of stem cells as multi-faceted purveyors of immune modulation, repair and regeneration in multiple sclerosis* |
| 10:30 am | **Professor Trevor Kilpatrick**, Melbourne Neuroscience Institute  
*The promise of stem cells – what’s beyond de horizon* |
| 11:15 am | **Morning tea**                                                      |
| 11:30 am | **Professor Carolyn Sue**, Kolling Institute of Medical Research  
*Use of stem cells to investigate Parkinson’s disease* |
| 11:50 am | **Dr Bryce Vissel**, Garvan Institute of Medical Research  
*Regulation of neurogenesis following neurodegeneration* |
| 12:10 am | **Dr Karlea Kremer**, University of Adelaide  
*Human adult dental pulp stem cell therapy for treatment of stroke* |
| 12:30 am | **Clinical Professor Richard Herrmann**, Cell and Tissue Therapies WA  
*Clinical trials of mesenchymal stromal cells in autoimmune diseases in Australia* |
| 12:50 pm | **Lunch**                                                            |
| 1:50 pm | **Dr John Moore**, St Vincent’s Hospital  
*Hematopoietic stem cell transplantation (HSCT) for autoimmune diseases – gold standard for some diseases, emerging evidence in MS* |

**Contact:** Dr Juliana Lamoury  | j.lamoury@stemcellnetwork.org.au  | www.stemcellnetwork.org.au  | 20.05.14
**20th Stem Cell Network Workshop**  
*Stem Cells in Multiple Sclerosis and Neurological Disease*  
**Wednesday, 28th May, 2014**  
**Darlington Centre, Sydney**

**EVENT PROGRAM**

<table>

<tr>
<th>Time</th>
<th>Session</th>
</tr>
</thead>
</table>
| 2:10 pm| **Dr Marzena Pedrini**, Western Australian Neuroscience Research Institute  
*Hematopoietic stem cell transplantation in multiple sclerosis in a Western Australian cohort* |
| 2:30 pm| **Professor Bruce Brew**, St Vincent’s Hospital  
*The kynurenine pathway and stem cells* |
| 2:50 pm| **Dr Tobias Merson**, The Florey Institute of Neuroscience and Mental Health  
*Neural precursor cells outcompete oligodendrocyte progenitor cells to remyelinate broad regions of the rostral corpus callosum* |
| 3:10 pm| Afternoon tea                                                          |
| 3:25 pm| **Group Panel Discussion – How can we expedite stem cell research for multiple sclerosis towards translational research and clinical trials?**  
*CHAIR: Professor William Carroll, MS Research Australia* |
| 4:25 pm| **End of workshop**                                                   |

**Sponsored by:**

- **STEMCELLS Australia**  
- **Bioscientific Pty Ltd**  
- **ThermoFisher Scientific**  
- **Lonza**  
- **Coherent Scientific**
